

# Tyraman

RETREAT

*Perched on the side of Mount Tyraman,* this retreat has all the ingredients for a memorable country getaway. The lodge contains a spacious lounge with open fireplace, and a separate dining hall able to seat up to 30 people, making it ideal for workshops and health retreats, small conferences, family reunions and weekends away with friends. Guests enjoy the lodge and its 150 acre property as their private domain, with its extensive rainforest gardens, dams, orchards and hillside walks.

## *Rediscover the clearness of country air*

Count the stars around a campfire. Experience the calm of country mornings, with sunny breakfasts on the verandah, watching mists evaporate in the valley below. Swim in the dam or spot kangaroos at dusk. A scramble up the dry-rainforest gully is a treat. For the energetic, a hike up Mt Tyraman offers breathtaking views.

Relaxation is the keynote at Tyraman. Whether finishing off a good book in a garden courtyard, toasting the sunset with local wines, or curling up in front of a log fire with a friend, Tyraman's peace and solitude transports you.

*Tyraman is an ideal base to visit* nearby wineries and historic towns and to explore the spectacular countryside. The Barrington Tops World Heritage rainforest is an easy day's outing, a scenic drive through picturesque farmland and river valleys. Book your stay to coincide with one of the major arts festivals offered by the Hunter Wine district, celebrating theatre, opera and jazz. Horse-riding, championship golf courses and champagne balloon flights are also close at hand.

Tyraman is a nature retreat. Birdlife abounds. Echidnas, goannas and wedge-tail eagles are your neighbours

- A special place for focus and rejuvenation
